RE: Westchase POADP
(File #86-11-60-88)

Dear Mr. Cude:

This is to inform you that the POADP Committee has reviewed and accepted your proposed plan for Westchase.

It is noted, however, that certain concerns have surfaced regarding this development due to its proximity to the Marshall Meadows Subdivision, located northeast of this development. Marshall Meadows Subdivision shows a stub street which needs to be addressed in connection with the proposed platting of Westchase Unit-7. Currently, your POADP does not provide for a cul-de-sac or the extension of the existing stub street in the neighboring property. In view of this, it is recommended that you work closely with the Marshall Meadows Homeowners Association and with the Traffic Section of the Department of Public Works to resolve this matter.

Please note that this action by the committee does not establish any commitment for the provision of utilities, services or zoning of any type now or in the future by the City of San Antonio. Additionally, this action does not confer any vested rights to plat under the existing Subdivision Regulations. Any platting will have to comply with the Subdivision Regulations in force at the time of platting.

If you have any questions, please contact Roy Ramos at 299-7896.

Sincerely,

A handwritten signature in cursive script that reads "M C O'Neal".
